When you think of fundraising, it's usually a 10K Run or maybe a potluck meal? Due to COVID-19, these unfortunately, aren't an option. However, this shouldn't hinder you from raising money for charities you love!

We have provided some fantastic fundraising ideas that you can do safely from home, so that you're able to make a positive impact. Thus, enabling us to continue to support women involved in prostitution during this time.

## SOCIAL MEDIA LIVE STREAMING

One of the easiest ways for people to see your fundraising activity is through social media live streaming. Commonly used platforms are Instagram (Insta Live) and Facebook (Facebook Live).

Fundraising ideas that work particularly well on live stream are: shaving/dyeing your hair, Dance - a - thon, waxing and The Ice Bucket Challenge.

## CONFERENCE CALLS

Some fundraising ideas might not be as effective on live stream. Activities such as a bake-off, quiz, dinner party or coffee morning may be more effective on a conference call, where you're able to see multiple people at once. Zoom is one example of a conference calling app but there are plenty of others available to download.
